Mint of the United States at Philadelphia, Pa.,

COINER'S DEPARTMENT,

June 21st, 1884.

Hon. A. Loudon Snowden,
Superintendent.

Sir:

I have the honor to state that we can safely estimate the price at which Medals can be struck on the Coining Press at two dollars ($2) per one thousand (1000) pieces - from the dies of Bloomer & Logan left by Mr. C. E. Kryder. This will pay the Mint for labor expended, wear and tear of machinery and leave a profit on the work.

Very respectfully

Hon. A. Loudon Snowden
Superintendent

Sir;

I have the honor to state that we can safely estimate the price at which Medals can be struck on the Coining Press at two dollars ($2) per one thousand (1000) pieces from the dies of Blaine & Logan left by Mr. P.L. Kinder. This will pay the Mint for labor expended, wear and tear of machinery and leave a profit on the work.

Very respectfully
Your Obt. Servant
